

# The leadership team

**Fiona Driscoll, Chair**

Fiona specialises in designing transformation strategies and operational plans to deliver successful outcomes across the public, private and third sectors. In the public sector, her work includes advice and support to Ministers and senior civil servants on cross-cutting programmes on efficiency, delivery, policy reform and IT strategy.

**Bill Gillespie, Chief Executive**

Bill is an experienced health manager who has worked at board level in health organisations in the UK and overseas for the last 15 years. Since returning to the UK in 2014, Bill has fulfilled a number of consultancy roles including support to the London Health Commission, South West London and St George's Mental Health Trust, Katie Piper Foundation (health charity) and as Interim Regional Director of Specialised Commissioning for NHS England South, before starting with Wessex AHSN in January 2016.

**Dave Meehan, Director for Partnerships and Deputy CEO**

Dave has worked in the Wessex NHS for almost 40 years and held board positions for 20 years including Director and Managing Director of Clinical Services, Strategy, Service Improvement, Performance Management, Communications and Engagement.

**Andy Burroughs, Director of Wealth and Enterprise**

Andy has 25 years' experience in a variety of sales and marketing roles operating across the public and private sector, and most recently was Director of Business Development at Tamar Science Park in Plymouth. Before that he was Director of Business Development at Ipswich Hospital NHS Trust and spent 10 years at Microsoft.

**David Kryl, Director of Insight**

David's career has revolved around strategy, performance and project management in complex environments. David previously held a dual role as Head of Business Intelligence at the National Institute for Health Research and Research Leader in the RAND Europe Innovation and Technology Policy team. David has also contributed to building science capacity in developing countries both in the private sector, through a biotech start-up, and the United Nations System.
