Evaluation Symposium 2: A New Place Based Model of Care Wednesday 17th May 2017

12.30pm – 4.30pm (*Lunch 12.30 pm – 1.00 pm*)

Venue: The Village Hotel, Pinehurst Road, Farnborough GU14 7BF

As Happy, Healthy, at Home (North East Hampshire and Farnham) moves ahead with new ways of working across the health and care system, the independent evaluation is making progress in understanding the impact of the changes for service users, their carers and staff.

This is the second symposium and will focus on the a new place based model of care (Farnham locality). We will present the findings from in-depth evaluations of innovative new ways of working including the Farnham Integrated Care Team and Referral Management Service. It is an opportunity to hear about the findings, to reflect on what has been learned about the effectiveness of each New Care Model and to discuss what can be further improved.

There will also be opportunities to find out about a range of evaluation methods and to participate in a live evaluation experiment! This invite is open to anyone with an interest in evaluation of New Care Models, including service users, clinicians and service leads. An agenda will be published nearer the event.

To register for this event, please go to Eventbrite at:
