Ask Your Pharmacist

We are working with your community pharmacist. Please ask your pharmacist about your medicines. They will help you understand the best way to take your medicines safely and how to minimise side effects.

NHS

Providing NHS services

Discussions with pharmacists about your medicines are free and have been shown to improve your care.

It is a confidential conversation with your community pharmacist and will be provided in a private room within the pharmacy.

Wessex
Academic Health
Science Network

This card is being used as part of a Wessex-wide programme to support patients needing review of medicines. The Academic Health Science Network works to achieve excellence in and spread innovation for best practice.

This card has been supported by an unrestricted educational grant from Bayer.
