

Welcome and introduction: Frailty e-learning focus group

10th December 2021 3pm-4pm

Frailty

E-Learning for excellence in frailty identification, assessment and personalised care

1 hour facilitated
recorded
discussion

11 questions

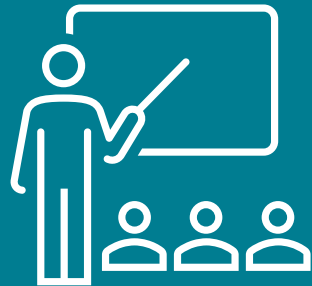

Honest feedback

A safe space

Making a
difference

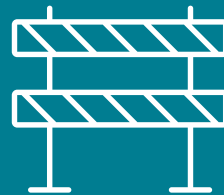

1. Tell us how you heard about the frailty e-learning?

2. What were your initial thoughts on the e-learning?

3. Were there any barriers or obstacles in you accessing the e-learning?

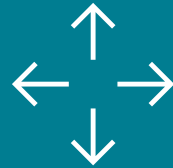

4. What were your views on frailty before completing the e-learning? What compelled you to undertaking the education?

5. How has the e-learning changed your perception of frailty?

6. Describe one change in your practice since completing the e-learning?

7. What are your personal ambitions for changing the perception of frailty within your team/service now you have completed the e-learning?

8. Knowing what you know now about frailty, what would you like to achieve for patients/residents you care for in the next 12 months?

9. If you could name one thing in your place of work/organisations that would help implement and embed the e-learning further, what would it be? Do you foresee any potential barriers to this?

10. What are your thoughts on making frailty e-learning:

- a. Mandatory
- b. For induction only
- c. For all staff
- d. For the public

11. Describe the impact this training will have on individuals living with frailty?

12. What are your thoughts on making 10th May, the first anniversary of the launch of the frailty e-learning, frailty awareness day?
