

Journey of developing a Wessex MDT approach

Wessex MDT Working Implementation toolbox:

1. **Wessex MDT Framework:** MDT Working Checklist + MDT Working best practice examples, top tips and guidance
2. **Summary of PDSA approach**
3. **Barriers and solutions** fishbone diagram
4. **Case studies:** patient, staff and carers
5. **Guidance on implementation**

PDSA 5: Concurrent PDSA cycles in a Hampshire MDT (community pharmacist lead), Wiltshire MDT (Nurse Consultant), and social services MDT (Service development officer Hampshire County Council)

Learning incorporated into generic approach

May 2021

PDSA 6: Review by Dorset clinical lead and Hampshire frailty matron involved in PDSA 1 and PDSA 2

June 2021

Applying Wessex MDT PDSA feedback + Dorset Frailty Toolkit + National MDT guidance + Review of MDT projects implemented in Wessex 2016-2019

PDSA 4: Testing of generic approach with Social prescribing leads (within an established Hampshire community MDT) with updates added and reviewed by those involved in PDSA 1 and PDSA 2

April 2021

PDSA 3: Merging of learning from PDSA 1 and PDSA 2 alongside national guidance, and review of MDT projects implemented in Wessex 2016-2019 to create generic Wessex approach

March 2021

PDSA 2: Implementation of Dorset Frailty Toolkit MDT guidance (within a newly established North Hampshire PCN) reviewed by Frailty Matron. Comments and suggestions noted on document

November 2020

PDSA 1: Implementation of Dorset Frailty Toolkit MDT guidance (within an established Dorset community MDT) reviewed by Dorset Clinical lead and changes noted on document

November 2020
