

## What is ReSTORE?

ReSTORE is a regional rehabilitation network. It was set up in response to COVID-19, but has evolved into a forum that we hope will continue long after the pandemic.

ReSTORE provides:

- a platform for the sharing and exchange of knowledge and information relating to rehabilitation.
- a regional community for networking and support

## Who can join?

ReSTORE is for anyone who has an interest in rehabilitation, and who currently works in Dorset, Somerset or South Wiltshire.

We welcome participation from all professional groups, all grades, and all sectors! This includes (but is not limited to):

- acute and community services
- physical and mental health
- adult and paediatric specialities
- health and social care
- voluntary sector

## When and where do the forums take place?

The forums are monthly, and currently take place on the **second Wednesday of the month at 12.30-13.30**, via MS Teams.

## What topics are covered?

We cover a broad range of topics, which may relate to service delivery, professional practice, clinical practice and research. Sessions typically include 1-3 speakers covering a similar theme, and then time for a panel discussion. If you wish to give a presentation, please contact [Deborah.Lane@ydh.nhs.uk](mailto:Deborah.Lane@ydh.nhs.uk) (Consultant AHP).

## How do I join?

Please email [louise.johnson@rbch.nhs.uk](mailto:louise.johnson@rbch.nhs.uk) (Consultant Therapist) to be sent the MS Teams invite. You will also be added to the Models of Care Website, where presentation slides are available.

There is no need to let us know whether or not you are planning to join – just log in on the day. You can participate via the chat facility or during the panel discussion, or you can just join and quietly listen!

We hope you can join us soon! Please share this information with any colleagues who might be interested.
